

CASE STUDY

Our Local Charity Partner

We've supported our local charity, Grove Cottage, since moving to Bishops Stortford in 2017.

Recognising the vital impact of Grove Cottage within the local community, we have committed to supporting their mission through various fundraising and volunteering initiatives. Our efforts have ranged from challenging physical events to organising corporate fundraisers, which have not only raised substantial funds for the charity, but also helped to increase awareness of the work that Grove Cottage does.

Through our efforts, we have established a meaningful relationship with Grove Cottage, contributing to their ability to continue providing essential support and services to children with learning disabilities and their families in the local community. Our ongoing partnership reflects our company's Beyond Cleaning sustainability strategy and our belief in the importance of giving back to the community we serve.

Grove Cottage

Situated in Bishops Stortford and known as the 'Home of Mencap,' Grove Cottage is a children's charity for those with learning disabilities and special needs.

Grove Cottage plays a vital role in our community by providing a wide range of social and educational activities for children of all ages who require additional support. The charity aims to develop their potential, help them to avoid social isolation by promoting lifelong friendships, and provide respite to their families and carers.

Grove Cottage has an open-door policy and pledges to support children and their families regardless of location and background. They run their initiatives with a mix of part-time staff and volunteers.

The charity is heavily reliant on local volunteers to provide the children and their families the required level of support to enrich their lives. Through their dedicated efforts and the generosity of the community, Grove Cottage continues to make a significant impact on so many children's lives.

Fundraising Efforts

In 2022, we raised more than £2,000 for Grove Cottage by taking part in Nuclear Races - a muddy obstacle course racing event hosted in Brentwood, Essex. A team of 12 DOC team members raced through ditches, slides and countless muddy trenches, supported by colleagues, family and friends at the finish line.

In 2023, we raised almost £6,000 for Grove Cottage through our annual DOC Cleaning golf day - a brilliant achievement for our team.

Gifted Deep Clean

In late 2023, our team took part in a gifted deep clean for Grove Cottage, whereby several members of our office staff volunteered their valuable time to undertake an extensive cleaning initiative utilising our cleaning expertise and resources to clean their entire premises, including office spaces, the nursery, the kitchen and other storage spaces.

This remarkable effort extended to every corner of the building, and the commitment of our team went beyond traditional cleaning measures.

Our team also took it upon themselves to seal and polish the existing hard flooring within the nursery, enhancing its appearance and safeguarding the flooring until the time comes for the building to be renovated.

DOC Cleaning Limited

Founded in 1972, we're an independent, family-run cleaning company with a portfolio of more than 500 sites throughout the UK.

We pride ourselves on being honest, friendly and approachable, whilst adopting a professional and innovative attitude at all times. We're committed to building long-lasting relationships with each of our clients.
